Dear Parent/Guardian,

Each year many lives are saved in our community because high school students have given a precious gift of themselves - the gift of life. In fact, 25% of blood donors are high school students. By becoming a blood donor in high school young people learn to be responsible citizens while taking care of a need in their community.

Bloomington High School South will be having a blood drive on
Thursday, February 16, 2006

Anyone who is 17 years old or older and who weighs more than 110 lbs. is legally eligible to give blood in the state of Indiana. BHSS requires ALL students to have parent or guardian permission to donate.

Please support our community by supporting your child in this life-saving effort. If you have any questions about donating blood, please call the American Red Cross at (812) 331-1300.
